June 28, 2021

**Thesis Defense Seminars**

**GEOS** MSc Thesis presentation by Nikita Fernandes (Supervisor: Benoit Beauchamp) June 28th 2021 at 1:00pm, “Pennsylvanian–Permian Aragonite to Calcite Sea Transitions in the Sverdrup Basin (Arctic Canada) and Cantabrian Basin (northern Spain)”.

Please contact geoscience@ucalgary.ca for Zoom details.

**CMD** PhD Thesis presentation by Hessam Djavaherpour (Supervisor: Faramarz Samavati, co-Supervisor: Richard Levy) July 5th 2021 at 2:00pm, “GEOPHYS: Design and Fabrication of Geospatial Physicalizations”.

Please contact cpsc@ucalgary.ca for Zoom details.

**CPSC** PhD Thesis presentation by Coskun Sahin (Supervisor: Reda Alhajj) July 8th 2021 at 3:00pm, “Social Media Emergency Analysis and Realistic Evacuation Modeling”.

Please contact cpsc@ucalgary.ca for Zoom details.

**Seminars**

**Geoscience Open Lunch Discussions**

Dr. Don Lawton will present a special seminar, “On the path to a net-zero carbon economy: carbon capture, utilization and storage”, about the opportunities and potential barriers that Canada may face in relation to large scale implementation of Carbon Capture Utilization and Storage Technologies. Presentation is on June 30th at 12:00pm.

Please contact geoscience@ucalgary.ca for Zoom details.

**Successes**

**Opportunities**

Canadian AgriSafety Applied Science Program Supporting Sustainability and Productivity in Agriculture is seeking applied science projects in the priority areas of A) Viruses and Infectious Diseases, B) Farm Stress and Mental Health, C) Inhalation Exposures, D) Injuries and Accidents, E) Indigenous Agriculture, F)
Under-represented Populations (Seasonal Workers, Women, Youth), and G) Climate Change, Green Technologies and Safety. The AgriSafety Program seeks LOIs for applied science projects aimed at addressing gaps in research-to-practice in these priority areas. However, highly innovative and topical projects in other areas will be considered. LOI to RSO: July 12, 2021 at 12:00pm; funding calendar entry here, or contact: Gary Markoski

Interested in partnering with industry?
Are you interested in a research partnership with industry but don’t know where to start? Please contact Tony Wigglesworth (twigglesworth@innovatecalgary.com), Associate Director, Technology Transfer Office to learn about the Industry Liaison Office @ Innovate Calgary.

Call for proposals for the 2023 BIRS program. The Banff International Research Station for Mathematical Innovation and Discovery (BIRS) is accepting proposals for research groups that broadly involve mathematics sciences. The deadline for proposal submission is Wednesday, September 15, 2021. Full information can be seen at: https://www.birs.ca/programs/general-program-descriptions/
Proposal submission guidelines are available at: https://www.birs.ca/applicants/guidelines/
All proposal submissions must be made using the online submission form at: https://proposals.birs.ca.
